

PATIENT ENGAGEMENT HAS NEVER BEEN EASIER

Signant Health's Patient Concierge, a module of SmartSignals eCOA, provides all the study information needed in one convenient location. From visit details to information on their condition, the digital engagement tool ensures study participants are properly prepared throughout the course of the study.

**SIMPLIFY STUDY
PARTICIPATION**

WHO IS SIGNANT HEALTH?

As the evidence generation company, Signant simplifies and streamlines the study process by shortening set-up times and reducing the reliance on paper-based data collection.
