

# ONCOLOGY COMPLETE

## COMPREHENSIVE TECHNOLOGY FRAMEWORK & SCIENTIFIC EXPERTISE TO POWER YOUR ONCOLOGY PROGRAM

Built from years of expertise, **Oncology Complete** combines best-in-class components for oncology trial management, enablement, and collection.

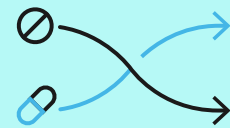

### eCONSENT

Simplify the consenting process for patients and sites through remote or at-site consenting.

### eCOA, ENGAGEMENT, & VIDEO VISITS

Collect patient-reported outcomes data from patients at home or during site visits, guide patients through all aspects of trial conduct, and reduce the number of on-site visits by conducting follow-up and review meetings via live video.

### RTSM

Manage medication supply chain, randomization, and dispensing processes, even for the most complex oncology study design.

## Why choose Oncology Complete?

**Oncology Complete** offers a convenient and fully featured eClinical solution combined with Signant's expert service, support, and scientific consulting.

**01 Single patient app** for a simplified study experience

**02 Integrated data** for an easier site workflow

**03 Built-in know how** based on 20+ years oncology trial experience

**04 Full-featured solution** without surprise capability gaps

**05 Single project manager, single help desk, and single contract**

**06 Satisfy evolving regulatory expectations** for patient-reported outcomes measurement in cancer trials

**Oncology Complete** is built from years of experience of managing cancer trials and contains all the essential features important in oncology trial management:

	STUDIES	PATIENTS	COUNTRIES	SITES	LANGUAGES	INDICATIONS
eCOA	313	153K+	58	42K+	95	47
RTSM	539	113K+	50	35K+	24	49

## TAILORED TO MEET ONCOLOGY TRIAL REQUIREMENTS

### UNLOCK THE FULL VALUE OF ONCOLOGY COMPLETE

#### SIGNANT SMARTSIGNALS eCONSENT

- Convey complex study information effectively
- Manage multiple consents, such as sub-studies and bio-samples
- Manage and oversee mid-study re-consenting

#### SIGNANT SMARTSIGNALS eCOA

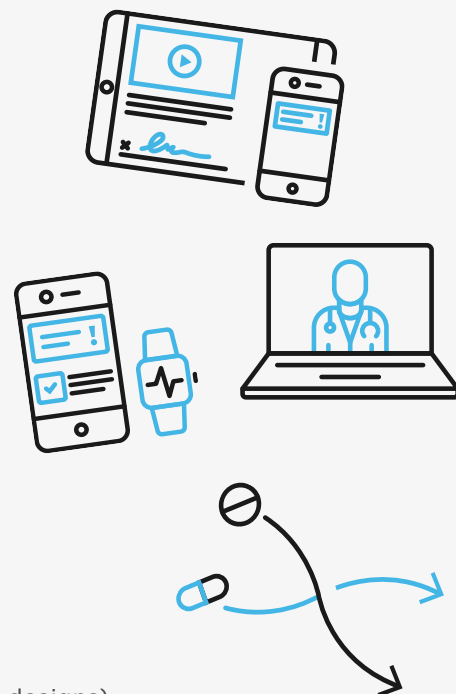

- Measure core patient-reported outcomes at-home or at-site
- Manage rescheduled assessments
- Leverage experience of 40+ oncology instruments
- Drive reliable endpoints with scientific consulting and best practices

#### ENGAGEMENT & VIDEO VISITS

- Guide the patient with accurate study and visit information
- Provide an up-to-date visit schedule
- Use video for engaging at-home consultations

#### SIGNANT SMARTSIGNALS RTSM

- Enable optimal utilization of medications and other study supplies
- Accommodate complex oncology designs (e.g., platform and basket trials, adaptive designs)
- Handle variable dosing regimens and visit schedules

## WHO IS SIGNANT HEALTH?

As the evidence generation company, Signant simplifies and streamlines the study process by shortening set-up times and reducing the reliance on paper-based data collection.
