OUR eCOA DESIGN INNOVATIONS, YOUR STUDY SUCCESS

At Signant, we understand what it means to deliver successful eCOA. As a key component to this success, take advantage of our contemporary visual design environment to accelerate and simplify study setup. With 20+ years of experience and know-how built in, why design your studies using anything else?

Our innovative eCOA design/build approach solves common challenges:

SIMPLIFY & ACCELERATE STUDY BUILD

OPTIMIZE COA DATA QUALITY

DELIVER BETTER PATIENT & SITE EXPERIENCE

HARNESS THE POWER OF LEADING-EDGE eCOA DESIGN CAPABILITIES

RAPID IMPLEMENTATION

Visualize your study as it's built with our visual design environment, leveraging pre-validated, drag-and-drop components to reduce testing requirements and accelerate study builds by 40%-60%

SEAMLESS DESIGN COLLABORATION

Easily verify that eCOA design meets study requirements and aligns with protocol events/activities tables by reviewing our intuitive StudyBoard design visualization and simulating using our built-in responsive emulators

CONSUMER-GRADE USER EXPERIENCE

Provide participants with a superior app experience to drive acceptance and adherence with responsive, uncomplicated user interfaces across all modes

ROBUST INSTRUMENT LIBRARY

Leverage our pre-validated, version-controlled instrument and translations library to ensure you capture the right data with the right versions, and speed study build and approval

FLEXIBLE DEVICE MANAGEMENT

Design and build your eCOA study once for any modality and any device. Switch modalities mid-study, and activate fallback solutions easily without losing time or missing data

FEATURES TO DRIVE SUPERIOR USER EXPERIENCE & DATA QUALITY

MODERN DESIGN & BUILD TOOLS

- Agile drag-and-drop, no-code software development process
  - Accelerates build process by 40%-60%
  - Enhances team collaboration
  - Provides easy visualization of Schedule of Assessments through storyboarding
  - Reduces testing requirements

DATA QUALITY MANAGEMENT CONSIDERATIONS

- Library of pre-validated, version-controlled instruments and translations
  - Facilitates re-use of standard and sponsor-specific COAs
- Multimode data collection
  - Supports home- or site-based data capture using any provisioned smartphone or tablet, or BYOD
  - Enables flexibility
- Fallback solution in any mode
  - Streamlines process for granting patients access to fallback solutions when needed
  - Limits data loss and schedule delays

USER EXPERIENCE OPTIMIZATION

- Consumer-grade interface and responsive design
  - Promotes user acceptance and adherence
- ePRO, patient engagement, and video visits combined
  - Enables easy patient access to study information and site staff
  - Improves patient experience
